## SCHOOL WAIVER

I, \_\_\_\_\_, hereby agree to hold harmless any individual, facility, school, or organization connected to or associated with the Colorado Film School (formerly known as CFVI, Colorado Film and Video Instructional, Studios), the University of Colorado at Denver, and the Community College of Aurora for any harm that may befall me during any time I may work in or outside the school's studios, classrooms, shop, and/or equipment cage.

I also hereby certify that I have experience and knowledge of the safe usage of the equipment I am using whether that equipment is for shooting film or video, or for the construction of sets (including the use of dangerous power tools). I certify that I will not use school tools and equipment in any way that might endanger myself, fellow students, faculty, or staff, or harm the equipment itself. I will use safety glasses when using power tools, wear rubber-soled shoes when using high-voltage electricity, and wear work gloves when using lights and other hot materials and equipment.

I also acknowledge that my presence in film or video production areas and set building shops may constitute being "in harm's way" due to the very nature of heavy equipment, high voltage electricity, unmarked obstacles, sharp objects, and other students.

I further certify that I will intervene or seek out faculty or staff of the Colorado Film School to intervene if I witness any unsafe practices that might harm any individual or the equipment itself.
